In another place will be found a list of articles forwarded by the Oak Grove Soldiers' Aid S ciety to the Christain Commission. Much good is being done by means of the Christain Commission. It is understood to be much more efficient than the Sanitary Commission. Its agents were first at Frederick-burg, when that place, a few weeks ago, was like a full human slaughter house. Those who desire to donate anything for the benefit of the soldiers, can not, in our opinion, do better than to send to the Christain Commission. They may do so in full confidence that their offering will go where they wish its We hope all friends of Education will be benefits to full. Give to the Christain Commission with a liberal hand.
